

Administering the Iowa Youth Survey

Training Schedule

Iowa school districts will be administering the 2002 Iowa Youth Survey to all 6th, 8th, and 11th graders and alternative school students in their schools between September 23 and October 4, 2002. Any community programs (i.e., Prevention, SAFE) that benefit from the Iowa Youth Survey data are encouraged to offer their assistance to school districts in any facet of the process, and attend the training for survey administration, to be held in each Area Education Agency in April and May. Ron Mirr or Beth Larsen, Higher Plain, Inc., will provide the training. Any school district planning to give the survey, must designate a person to be the LEA Coordinator, and that person must attend the training along with anyone else who might be sharing the responsibilities. The LEA Coordinator is encouraged to bring community partners with them to the training.

There is an open invitation, for school district and community members interested in assisting, to attend any one of the trainings that is most convenient for them. School districts (LEA) will register for the training with Ron Mirr (higherplain.mchsi.com)

Agency representatives or community members, who plan to attend, must notify **Janet Zwick** by email, no later than March 27th. *Give your name, the agency you represent, and which AEA session you plan to attend.* An accurate count of participants is important, so that training manuals can be printed.

JZWICK@health.state.ia.us

AEA 1 May 28th 9 to 12

Ronda Schiele, ES Director
Rooms D2-D3
1400 2nd Street
Elkader 800-632-5918

AEA 2 May 8th 1 to 4

Ann Lundquist, ES Director
